## Communicable Disease

Whether you are provider  
or school system  
employee, here is a great  
resource for managing  
communicable disease in  
schools.

Click here for the 2026-2027 document  
[Managing Communicable Diseases in Schools](#)

# Diseases Seen This past Quarter July/ Aug/ Sept

| Disease Group | Disease                                         | 2024 | 2025 | 2026 |
|---------------|-------------------------------------------------|------|------|------|
| COVID19/MIS   | Novel Coronavirus COVID-19                      | 54   | 14   | 6    |
| Foodborne     | Campylobacter                                   | 4    | 1    | 5    |
|               | Cryptosporidiosis                               | 1    | 0    | 2    |
|               | Shiga toxin-producing Escherichia coli --(STEC) | 0    | 1    | 1    |
| HAI           | Candida auris                                   | 0    | 1    | 19   |
