Dennis Liegghio is the founder of KnowResolve, a nonprofit organization dedicated to suicide awareness and prevention. He started the organization in 2007 in memory of his dad, who died by suicide when Dennis was 14. Through his work, writing, music, and creative workshops, Dennis explores how simple creative practices can help people navigate grief, reconnect with themselves, and make space for hope and healing, even in the midst of life's hardest experiences.

This event is supported in part by our many generous Sponsors throughout the community.
